Completion Certificate

This is to certify that HINTAN ASSOCIATES Ltd (HTAL) was our design architect and concept guardian for NIZHNIY NOVGOROD International Terminal completed in January 2016. HTAL also carried out the full design for the interior of the terminal under BIM methodology including site supervision in accordance with our programme. We are pleased to confirm that HTAL carried out its obligations with great responsibility and creativity leading to the spectacular results in NIZHNIY AIRPORT.

Best Regards
